We own The Uncommon Achiever, 2001 Handbook Of United States Coins txt, PDF, DjVu, ePub, doc formats. We will be pleased if you go back to us anew.

First published in 1942, the Blue Book is the annual reference book that coin collectors across the country look to for the average prices that dealers will pay for their coins. The coin values listed within are compiled from data supplied from more than fifty contributors around the country, providing by far the most reliable information. Fully illustrated with detailed photographs of hundreds of actual-sized coins, this handbook contains mint records and prices paid by dealers for all U.S. coins from 1616 to the present time.
