STRENGTH. COURAGE. TRUTH. We live busy and distracted lives. We struggle to maintain our strength and identity in the midst of constant challenge and rapid change. Because life often feels more like a fight than the gift it is, we seek the courage to persevere and find fulfillment. In The Caring Warrior, TJ Jones reminds you that your greatest weapon in this fight is CARING. A Caring Warrior chooses to wake up to his or her true self, chooses to lead others by giving, and chooses to inspire organizations and the world by sharing. It takes courage to fight on the battlefields of life: the internal (self), the tribal (our teams), and the cultural (organizations). TJ shares his own personal struggles and triumph over burnout and negativity. He provides you with weapons and tactics. With practical wisdom, he shows you how to be a positive and effective leader of your teams, your organizations, and the people in your life. TJ guides leaders seeking greater effectiveness and influence; emerging and new leaders who need direction to build engaged, heroic, and high-performance teams; organizations committed to inspiring their people to new

heights of fulfillment and achievement; and YOU a warrior who wants to fight for your greatest potential. Pick up your sword and gather your troops . . . because there is a Caring Warrior in each of us. And, WE NEED YOU."
