We do not have responsibility with missing file of this book.

The beloved granny square is the crocheter's foundation for countless projects and is adored for its portability, versatility, and endless variety. With *The Granny Square Book*, Margaret Hubert showed how the humble granny makes the transition from tried-and-true blankets to all kinds of fashionable garments and accessories. Now, in *Granny Square Flowers*, Margaret presents 50 all-new granny squares with a botanical theme, then, using beautiful yarns and her keen design sense, she broadens their usefulness to making 15 new projects that will have you saying, "Wow, I didn't know I could make that with granny squares!" Each granny square is presented in a large, full-color photo accompanied by both written and diagrammed instructions. All sample squares are crocheted in bright colors of smooth cotton yarn to clearly show the stitch patterns. Projects using the floral granny squares include clothing for babies, children, and adults; fashion accessories, home décor items, and gifts. These projects use a wide variety of yarn types, fiber content, and weights--both LYS brands and big box brands--to demonstrate the versatility of granny squares. All yarn descriptions are included in generic terms with gauge and hook size information so you can easily substitute other choices.
